[HABITS, SKILLS]

- She has color vision that she cannot recognize other colors than "red".
- She has a strong responsiveness as a Strain. She uses red marbles to make predictions and distances. After waking up as the Red King, she has both the original Strain ability and the fire power as the King.

[IMPRESSION, OTHER NOTES]

- The image color is "red and monochrome".
- Despite being a heterogeneous member of the street gang, the members of "Homura" appreciate her.
- Although there are no signs of "Homura" on her body, it appears deep within the iris of the left eye.

[POSITION, OBJECTIVES]

At the end of the first season, she is a girl who is protected by Suoh and is a pet for "Homura". She helps "Homura" with her sensitive ability.

Originally an unfortunate Strain, she became a member of the clan with Suoh's help. Suoh's "red" drew her in and she chose a way to snuggle with him. Due to the compatibility between sensitive ability and Suoh, with Suoh it is a relationship that can communicate with nature even without words. It was a bond that was different from love, master-slave, and feelings as companions, and it was a slight regret for Suoh.

After being awakened as Red King, and accepting Suoh's "red", once strongly drawn as her "red", she was impressed and her heart stopped. "You will want to live as you want".

She does not believe that she can replace Suoh, and although the number of clansmen dropped considerably from Suoh's time, she accepted it as a matter of course. Even if she became "king", she feels like a family member who remained as "a bar", and she wants to protect them as much as she can.

[PERSONALITY, CONDUCT]

Basically, a personality that doesn't express emotions as much. It seems that the nature she was born with was more radical, but her skill as Strain and the experience of her harsh childhood gave her a silent puppet-like expression. Inside of her is very mature and she has the spiritual strength to see anything silently.

She was reluctant to fate because she saw "unchanging fate" with strong responsiveness, but after awakening as "King", she has the willpower to defeat sad fate and change it.

For Anna, the Slate distorted her life, but as a person who loved Suoh's "red" and loved the bond created from him, the loss of the Slate was accompanied by sadness. However, she decides that destruction is the right way, and follows Shiro's plan.

[FATE, ENDING]

After snuggling up to Suoh and seeing Suoh's end, she was selected as the next "Red King" and woke up. Knowing Nagare's ambition, knowing Munakata's instability and knowing Shiro's resolve, she decided to lend her power to destroy the Slate as "Red King". By gathering the power of "Homura", she opens the way for the sword of Damocles to destroy the Slate.

[ABILITIES, TACTICS]

With the ability to respond like a Strain, she is able to sense distance and prediction, and the thoughts and past of others through red marbles. She can roll the marbles on the map to find the desired person, or look at the opponent through the marbles to see inside and the opponent's fate.

After awakening as "Red King", she has the ability to control flames in addition to the original Strain ability. She controls the mighty power by embodying the flame in the form of a bird and exerts her flying ability by causing the wings of the flame to appear on her back.

[POWER]

She is out of range due to Strain's special ability.

A (King Class), after awakening as "Red King".

[LIKES]

The Red. Red food. Suoh's red is her favorite.

[DISLIKE]

Injection. Dentist. Hospital.

[HOBBIES]

Look at Mikoto's red.

Look at everyone in "Homura".

[FASHION]

Gothic and lolita style dress based on red and black. She asked them to buy her the red clothes that she was wearing when she became a member of Homura.

[BODY]

A doll figure, small and delicate.

[INTELLIGENCE]

There are few words to speak, and the way she speaks is difficult, so at first glance she may seem childish, but in reality she is a mature and wise adult.

Due to her responsiveness, she knows and understands many things that ordinary children do not know.

[BELIEFS]

When she became a member of Suoh's clan, she decided that no matter which way Suoh went, she would stay close to the end.

When she was protected by Suoh, she only looked at Suoh's back, but after becoming "Red King", she decided to walk her own path and move forward.

[RELATIONSHIPS]

[EARLY YEARS]

Growing up loved by her parents, there is a place where she cannot see hallucinations and cannot tell the difference between her own pain and the pain of others.

There, Anna is discovered to be a Strain, but Anna's parents are told that Anna has a brain disease and she is admitted to the Center. Anna is considered to be an experimental body in an attempt to artificially become a "king" by responding to the Slate in the Center.

Anna's parents were killed as if they were in an accident because Anna told them that she was trying to get away from the "Center".

After that, Anna was taken by her aunt, Kushina Honami, but the members of "Homura" met Anna and the terrible situation in the "Center" where Anna is located. After the "Center" collision, Honami's memory of Anna is erased by the "Golden Clan" rabbit. Anna loses her home to return and becomes a member of the Suoh clan, living in the Homura bar.

[ATTITUDE AND THOUGHTS TOWARDS OTHERS]

[TERMS OF THE ADDRESS FOR HIMSELF]

The first person is "Watashi".

She has a small number of words, speaks flat and short.

[TOWARDS SUOH MIKOTO]

She calls him "Mikoto".

A person who has "the most beautiful red" for Anna. It can be said that Suoh was the color of Anna's world.

Anna was the absolute one person who wanted to go with him forever. Being on Suoh's side, the "red" that Anna received from Suoh warmed her.

She was able to share Suoh's world to some extent in "Homura", and the words exchanged were at least intelligible.

[TOWARDS KUSANAGI IZUMO]

She calls him "Izumo".

Kusanagi is Anna's guardian, but she also has a relationship in which she can speak on an equal footing.

Due to the nature of mutual understanding, there are many shared feelings.

[TOWARDS TOTSUKA TATARA]

She calls him "Tatara".

A person who plays with the same eyes. A good friend. Perhaps they were complicit because they felt that Totsuka would not live long and kept it a secret.

[TOWARDS YATA MISAKI]

She calls him "Misaki".

Yata is not very good at dealing with Anna, so there is some distance. But when she is with him, she is like a brother and a sister.

[TOWARDS RIKIO KAMAMOTO]

She calls him "Rikio".

She is calm when they are together.

[TOWARDS REISI MUNAKATA]

She calls him "Reisi".

As a result, he is the man who killed Suoh, so she has a very complicated feeling, but she doesn't have any kind of grudge. She worries that Munakata threatens the Weissmann anomaly under the charge of murder and wants to help if he is in danger.
