- "He was great in the past, but now he is not good."
- The position of "single parent" "bad parent" on the team.

[POSITION, OBJECTIVES]

An executive from "Jungle", but not exactly a member of the clan. He calls himself a "resident".

He is normally the housekeeper of the secret base and Nagare's caretaker. Other than that, it is easy to get rid of and it does not act aggressively.

In fact, he is Seigo Otori, the sixth king, the "Gray King". He lost everything and couldn't hope to protect anything in the Kagutsu incident, but decided to protect and nurture the surviving and new "King", Nagare. He takes over Nagare as Nagare's father and as a guardian watching over the "King".

The "Gray King" was said to be dead, and no one knew that his survival was even better than that of the "Green King".

[PERSONALITY, CONDUCT]

Before the Kagutsu Incident, he was a "King" who had the ideal of saving all the vulnerable, and he led the gray "Cathedral" clan with an aspect of religious organization, but he lost everything in the Kagutsu Incident. He is deeply disappointed as "King", who failed to protect anything, and "Golden King", who overlooked the situation where 700,000 humans were involved in the fall of Damocles and died. Meanwhile, the "King", who has a completely different idea of himself or the "Golden King", is faced with Nagare's awakening and decides to raise and watch him. At that time, he abandoned the name of Seigo Otori, who was the "Gray King", and began to call himself "Iwafune Tenkei".

Today, he is a careless old man, but he is rooted in despair and takes little voluntary action. Nagare's personality is so good that he may feel uncomfortable with his behavior, but he has decided not to speak up and lend his hand only when he needs it. He believes that the future world is not for human like him, but for Nagare and other ambitious young people.

[FATE, ENDING]

He had decided to help Nagare and see him, but he lost to Munakata in the final battle after the Dresden Slate was destroyed. Despite being seriously injured, he escaped from the member of the Blue clan and exploits the secret base of "Jungle" to clean up the place where he lived. He embraces Nagare's remains and sinks to the bottom of the rubble.

[ABILITIES, TACTICS]

He implements a sanctuary of gray mist with the power of "absolute protection". When he fights, he attacks one-sidedly from the fog.

Although he mainly focuses on long-distance attacks with revolvers, he is also quite strong in close-range battles and overwhelms Munakata.

[POWER]

A (Medium to high in "King" class. Mainly guardian, but at a level where he can overwhelm Munakata even if he turns to attack.)

[LIKES]

Spirit. He especially likes beer.

[DISLIKE]

Problematic and responsible. "The misfortune that occurs in front of him."

He doesn't hate anything, including his enemies, but he doesn't like it and runs away.

[HOBBIES]

Horse racing, pachinko.

Homework. He's not particular about it, he does it properly. However, the food he cooks is delicious.

Drinking... he likes to be lazy. He is on the couch and drunk watching TV.

Also, he plays with children (games, radio control, etc.) playing with Sukuna, but he is tired of everything and his actions are difficult.

[FASHION]

A priest's suit.

He doesn't care too much about his appearance.

Every now and then, he tries to do a less sloppy style with half the style, but soon becomes sloppy as usual.

[BODY]

He's a healthy guy by nature, and even now, he doesn't get unhealthy.

In "Jungle", which has a lot of catastrophic and momentary people, he maintains a pretty sensible life.

Every now and then, he does muscle training saying "I'm sick."

[INTELLIGENCE]

Contrary to his seemingly blunt demeanor, he is actually very thoughtful.

[BELIEFS]

He used to be an idealist trying to save everyone, but after being defeated in the Kagutsu Incident, he fell into a kind of nihilism, in which "everything can only be done".

For him, the existence of Nagare, a "King" born beyond his own wishes, and the salvation of humanity by that plan is the last hope and gamble.

[RELATIONSHIPS]

[EARLY YEARS]

In the past, he led the religiously organized “Cathedral” clan as a “King” who possessed power, ideality and cooperation, but could not prevent the outbreak of royalty during the Kagutsu Incident, and his clan and 700,000 lives from the general public were lost to him.

[TIMELINE]

- 1971, Seigo Otori is born.
- 1999, July, the “Cathedral” Clan was destroyed in the Kagutsu Incident. Nagare, was awakened as "Green King", and after that he became known as Iwafune Tenkei. He then disappears.
- 2013, December, he participated as "Gray King" in the second attack on the Mihashira Tower (decisive Christmas battle).
- 2014, January, Liberation of the Dresden Slate. After being defeated by Munakata, he sinks to the bottom of the rubble of the secret base of "Jungle" with Nagare.

[ATTITUDE AND THOUGHTS TOWARDS OTHERS]

[TERMS OF THE ADDRESS FOR HIMSELF]

The first person is "Ore".

He tries to make it all a joke, with a careless tone.

[TOWARDS HISUI NAGARE]

He calls him "Nagare" or "Omae".

Iwafune is his guardian, patron, and follower.

Iwafune recognizes this young man as a strange spirit that he cannot fully understand, and supports him with his relative love.

He thinks that he can "do what he cannot do" or "can cause disaster for all mankind", but believes that he has no choice but to make such a dangerous bet. He can be said to be desperate for "the salvation of mankind by ordinary means".

[TOWARDS GOJOU SUKUNA]

He calls him "Sukuna" or "Omae".

He has a comforting feeling that he is the only one among the rankers who thinks he is "just an old man" without seeing him as the "Gray King".

Since he is still a child, he teasingly often plays a bit.

Although he admits that he is a "Jungle" fighter, he doesn't want to see his son hurt, so he worries about it internally.

[TOWARDS MISHAKUJI YUKARI]

He calls him "Mishakuji-chan" or "Anta".

They fit together and have grown-up values. They usually play with each other with a little humor depending on their age.

Mishakuji understands Iwafune's despair, but when he occasionally mentions it, he becomes clumsy.

[TOWARDS REISI MUNAKATA]

He calls him "Munakata" or "Omae".

Munakata, who pursues his own ideals, is a presence that makes Iwafune feel bitter and remind of the "me that once smelled blue".
