[POSITION, OBJECTIVES]

As a child, he looked at Kagutsu Genji and admired his overwhelming presence and power. His father was a member of the Kanto City "Purgatory" Clan, and to become a member of the clan, they must accept the flames and endure the pain lost by burning a part of his body. They taught him that. To show that he was ready, he cut off half of his right ear. However, before going to see Kagutsu, Kagutsu died in the fall of Damocles.

After that, he was not enthusiastic about anything, and in the second half of his teens, he became the mob boss in Shizume and repeated a catastrophic behavior.

He was later defeated by Suoh. After waking up as Strain and meeting Toya Tsurumi, he acted to become a "king" as the former "Red King".

[PERSONALITY, CONDUCT]

A personality that unites childhood, madness and reason. He is both sadistic and masochistic. Feel freedom only at the moment when violence is stirred. He seems like he's alive only on impulse, but his head turns quickly and the situation is calm. However, as a result of calm judgment, he does not always take profitable actions and dares to prioritize his desires and impulses.

He feels stifled in the framework of society and wanted to deviate from it. He was strongly attracted to Kagutsu Genji because he instinctively felt the power to break this world.

[FATE, ENDING]

He acts to become the king of the underworld, including the Strains, but after being defeated by Suoh, who woke up as "Red King", he was killed in revenge for the death of the leader of the Tokuseikai gang, who was killed by Kurayama.

[ABILITIES, TACTICS]

In addition to his natural physical ability and his sense of battle, he takes full advantage of the power of the flames obtained as Strain.

Slender. A lean skinned boxer guy that has no fat and just muscle.

[INTELLIGENCE]

He seems childish and impulsive, but has great intelligence. He also has leadership and can make precise plans.

[BELIEFS]

The breath is not alive.

Only the "taboo" moment when the heart is elevated is crude.

[RELATIONSHIPS]

[EARLY YEARS]

Born between a collapsed yakuza father and a water business mother. His father became a member of the Genji Kagutsu clan and hardly ever returned home. [ATTITUDE AND THOUGHTS TOWARDS OTHERS]

[TERMS OF THE ADDRESS FOR HIMSELF]

The first person is "Ore".

Bright and harsh tone.

[TOWARDS SUOH MIKOTO]

He calls him "Suoh".

He felt something similar to what he felt for the person he admired.

Furthermore, he had the intuition that it was the same type of person as him, and had an instinctive feeling that it was him or that person would become the "king".

He had a frustration that was incompatible with his familiarity, although it should be similar.

[TOWARDS TSURUMI TOYA]

He calls him "Tsurumi".

A person who taught him about the world of "kings" that he knew nothing about.

He had many men as soldiers who could move at will, but Tsurumi was the first person to understand his ambitions and thoughts and lend a hand.

He did not sympathize with Tsurumi's speculation that he wanted autonomy from the Strains, but he respected it. It is unclear whether or not there was a feeling of friendship, but he knew that he was a partner as well as a subordinate.
